Grifols Product Update - Introduction of Gamunex 40g (400mL) vial size in Canada

Customer Letter # 2025-03

2025-01-31

Dear Colleagues:

We are pleased to inform you of the introduction of a new 40g (400mL) vial size of Gamunex (intravenous immunoglobulin [Human], 10%) to Canadian Blood Services Plasma Protein and Related Products (PPRP) Formulary.

This new size will be available by 11th February 2025.

The new 40g (400mL) vial size will supplement the existing inventory of 2.5g (25mL), 5g (50 mL), 10g (100mL) and 20g (200mL) vial sizes of Gamunex/IGIVnex.

For more information, please see attached vendor introductory letter.

Please share a copy of this customer letter with healthcare professionals at your hospital who might be interested in this information.

This customer letter can also be viewed at www.blood.ca in the "Hospital Services" section. If you have questions about this letter, or if you require it in an accessible format, please contact your local hospital liaison specialist.

Sincerely,

Mark Newburgh
Director, Planning
